

This French Bulldog Puppy is being sold with FULL AKC REGISTRATION.

Born on: _____ Sex: _____
Color: _____ Microchip: _____

The consideration for this sale shall be in the sum of \$ _____

- Shipping: \$ _____
- Total: \$ _____

- All puppies will have a full health check prior to leaving the Seller.

Should this puppy be found to have a life threatening congenital defect within one year from the date of birth, the puppy may be refunded, upon a written and conclusive diagnosis containing the congenital defect and a description of the puppy in question from two separate veterinarians. A speculative or inconclusive diagnosis WILL NOT warrant a refund from the Seller. No Exceptions!

Seller shall not be held responsible for the development of disqualifying faults, diseases, viruses, or disorders, which are due to Buyers negligence.

This guarantee does not cover common ailments (such as hook worms, demodex, hernia, hips dysplasia, patella, small nares, elongated soft palate, hemivertebrae, entropion, allergies and cherry eye)

- Buyer understands and is fully aware that NO REFUNDS WILL BE GIVEN FOR ANY REASON other than those stated in this agreement.

_____ (Buyer's Initials)

Severe hip dysplasia must be confirmed by x-ray and be graded severe. Mild dysplasia is not covered as it is impossible to determine if it is congenital or environmental. Environmental means through repeated trauma to the undeveloped joints through rough play, too much exercise, jumping on and off of furniture and decks, etc.).

.....Severe Spinal Abnormalities.....

Most Bulldogs have at least one hemi vertebrae, if not more. Refunds for spinal issues will be discussed on a case by case basis considering the quality of life of your dog, the opinion of your vet and whether surgery is necessary.

(Please do not let your dog jump from high surfaces, as this can increase the chances of a “normal” hemi vertebrate becoming problematic).

- In the case of sudden/unexpected death a necropsy must be performed, at the Buyer’s expense, and a written and conclusive diagnosis stating that the cause of death is related to a congenital defect as listed above must be returned along with a copy of the necropsy report and the registration papers.
- Buyer understands and agrees that the Seller is not responsible for any veterinary medical expenses incurred by the Buyer once said puppy has left possession of the Seller.
- Buyer understands that once the puppy leaves the Seller’s possessions there are some common condition that can affect puppies. Coccidiosis (Coccidia), Giardia and Kennel Cough are not covered in this contract, all of which can be common in puppies and neither are life threatening and are easily treated. We also HIGHLY recommend you do NOT visit dog parks/doggie day cares. These are breeding grounds for disease and illness even for vaccinated adult dogs!
- BUYER UNDERSTANDS THAT ALL INFORMATION PROVIDED TO THE SELLER FOR A REFUND WILL BE VERIFIED! WE WILL HAVE OUR VET CONTACT YOUR VET TO DISCUSS THEIR FINDINGS.
- Buyer agrees to authorize the release of said puppy’s medical records to the Seller and the Seller’s veterinarian for the purpose of review should a refund be requested or potentially warranted within 72 hours of notifying the Seller of a problem.

The Sales Contract is non-transferable. Should BUYER relinquish ownership in the DOG, for any reason, this Sales Contract shall be deemed null and void.

The undersigned agree to uphold all covenants of this Agreement as of,
Date
